Legal booze to flow on Friday

Waveland to seek resort designation

In an effort to strengthen Waveland's chances of being declared a resort area under the new legal liquor bill, town council approved a resolution Tuesday night joining in the county's application to the Alcoholic Beverage Division to have certain parts of Hancock County declared a resort area. Lucien Cox, Jr., town attorney, who drew up the resolution, explained to the council that unless Waveland is declared a resort area, only hotels, restaurants and private clubs will be able to serve hard liquor. Since the board of supervisors is seeking a resort declaration for the county, Cox felt individual action by Waveland could influence the state tax commission's decision. Cox submitted a letter and resolution for approval. (Cont. on Page 4-A.)

Milk bids up

The State Milk Commission's recent price hike order apparently will cost the city schools 3/4 of a cent more per half pint in the coming school year.

Delay seen in school opening

Weather Bay St. Louis public schools will open Aug. 26 in their new locations is a mere question. Superintendent Joe D. McCulloch told trustees of the Municipal Separate School District Monday night that the contractors and architects say the new high school plant on Blue Mound Road will be ready by that date. But he's still apprehensive. The superintendent displayed five letters from the architect, Charles Proffer, pointing out various construction problems. For example, the contract with Homanway's of New Orleans called for kitchen equipment to be in place by July 1. Now they're being told to supply the goods by Aug. 15. Class schedules have been made up, personnel hired and the school calendar designed around the assumption that the high school would be ready for occupancy by Aug. 26, McCulloch said. 1st flight bird is due Saturday

Before a man can land on the moon, Mississippi Test Facility will have to stamp it O.K. on certain Saturn V rocket components. The first actual moon shot flight cargo over to be tested in the \$500 million testing plant is due to arrive from California on Saturday. The O. G. Cargo, S-11-1, was shipped from North America's Aviation plant at Seal Beach on board the converted navy ship, USNS Point Barrow for the two week voyage to our state. Scheduled to arrive in New

IP port land price set in secret meet

Supervisors nix cut on marshland value

Supervisors, hearing their first petition for equalization of the '66 land roll Monday, rejected the cut sought by Jack Ladner on his family's marshland and indicated some raises may be in store for acreage before very long. Ladner appealed over the 338 acres he owns in Secs. 35-9-15. The situation is unique to himself and three other property owners in that they have no direct access to this land, he said, urging the board to cut the assessment from \$8 to \$5 an acre. The board moved to leave the figure alone. When Ladner appeared later in the meeting, Supervisor H.G. Dean took the view if one to cut, the board would simply be inviting everyone in. Dean argued the county is not financially able to cut assessments and a constant building, chiding his colleagues for such thoughts before an election year. He pointed to reported suggestions from the State Tax Commission that acreage assessments be hiked. Mississippi Power Co. will relocate its new high voltage

International Paper Co.'s going to get a lion's share—some \$315,000—of the \$1 million in bond funds allocated by the port and harbor commission for the first phase of its Mulatto Bayou industrial complex. After three separate executive sessions and a two-hour long private luncheon conference, the board of supervisors agreed to purchase price of \$150 an acre, excluding credited timber, oil and gas rights, for the 2,100 acres needed from IP.

Chaired with the county fathers during most of the time were members of the port and harbor commission and representatives of the paper firm along with various local elected officials. Originally supervisors authorized the port group to bargain with IP for \$100 an acre outright. The paper company wanted \$225, keeping mineral and timber rights. International Papermen indicated the new price will be satisfactory. They thanked the local men "for a pleasant day" as they departed.

During the final secret session of the day the port commission on the motion of Edward Schambach, seconded by C.R. Graham, voted to recommend the \$150 formula. This portion of the meeting ran from 3:20 to 4:45 p.m. with the IP delegation absent for about half an hour. When the meeting resumed, Supervisor Jack Lot moved to accept the port resolution and direct attorneys to proceed. This carried unanimously with Supervisor H.G. Dean of Beat 1 out of the room at the time.

The three groups caucused first from 10:50 to 11:35 a.m. and Supervisors Lot and Daph Kellar, both in the timber business themselves, were expected to negotiate with the company. When the two caucuses returned about 4:45 a.m., Kellar called for another executive session. When this finally terminated, Dean moved to offer IP \$150 an acre for all the property. His plan called for the county to retain the timber, calling it an "addition" required, and gave the company \$0 days in which to decide. Charles Lovelace of Beat 3 seconded this plan. After it carried the IP group was ready to leave but were informed the port group would take time to lunch and then take part in a meeting after 1 p.m. most of these taking part left to eat and talk. The session resumed shortly after 3 p.m.

The final resolution prohibits surface penetration on the oil and gas rights owned by the company except in designated areas to be agreed on. Number 10 to be removed within four years, according to a group agreed to, IP leaving caucused to meet the Forest Service. Oak and magnolia trees are to be left also.

Senior high at Gulfview board topic

"Once we have completed our present building projects our next move is to get busy on completing facilities for a full fledged high school at Gulfview."

So said Edward P. Orrie, president of Hancock County School Board Monday. He added, "We hope to have our system's second high school in operation there by next year."

The board, with construction projects underway at all three of their locations, Hancock North Central, Pearlington, and Gulfview, is being hard pressed to find adequate solution to all their problems before the beginning of the 1966-67 school year. These include transportation, teacher housing, inadequate classroom space and facilities and a shortage of qualified teachers.

Once all three schools are operative and high school grades offered at the county west county location trustees hope they will be able to adequately accommodate all county students. At present, the Bay St. Louis school system is instructing several county students at both the elementary and high school levels.

Willie Favre, a mechanic on vacation from his regular employment, was hired at \$1.50 per hour to help get school buses ready for the opening.

Chester H. Blacklock, superintendent of Hancock North Central, and purchasing agent for the system's transportation section, was authorized to advertise for bids on spare parts and equipment to be kept in stock at the new bus terminal at his school.

The board also adopted a new transportation policy setting forth safety measures to be observed by drivers, records, maximum speed limits and tool and spare parts inventory controls.

Trustees approved claim docket Nos. 605-652 and 653-661; payment of \$1,205.04 to Fred Wagner, architect; accepted the resignation of Miss Yvonne Aiken of Hancock North Central, and hired Leonard

Building snag hits Pearlington school

With school opening date drawing nigh, Hancock County School trustees met Monday for the second time this month only to find progress blocked with a report that trolleys in the new Charles B. Murphy Elementary School at Pearlington would not flush by Sept. 1.

Architect Fred Wagner, explained delays in production of the sewage treatment plant were responsible. The unit, originally ordered March 17, was held up by the manufacturer pending clarification of certain engineering details. Now to be shipped Sept. 4 and allowing time for transportation installation and hook-up, the school may not be open for classes until mid-September.

Should this be the case adjustment in the school calendar will be made to provide the full number of classroom days. A similar situation exists with the unit for the Gulfview classroom addition. But as this project was not expected to be completed until after Pearlington little opening delay is anticipated.

Wagner also gave the board several alternatives on gas supply systems for heating and cooling in the Gulfview addition. Not able to connect the school supply system to natural gas as originally intended, no provision presently exists to carry liquid petroleum fuel. Not wishing to connect the new system with the old Roy Anderson, Jr., general contractor, faces several problems with gas supply.

Requiring a constant and regulated supply of high propane content liquid petroleum gas for the new fixtures, Wagner said pressure and vaporization factors would be better monitored from one source of supply.

By this he indicated a large underground tank would provide better service than a series of above ground tanks suitably connected to each other.

Faced with a \$2,500 expense for the underground facility, trustees postponed any decision until they have opportunity to discuss the matter with their LP gas supplier.

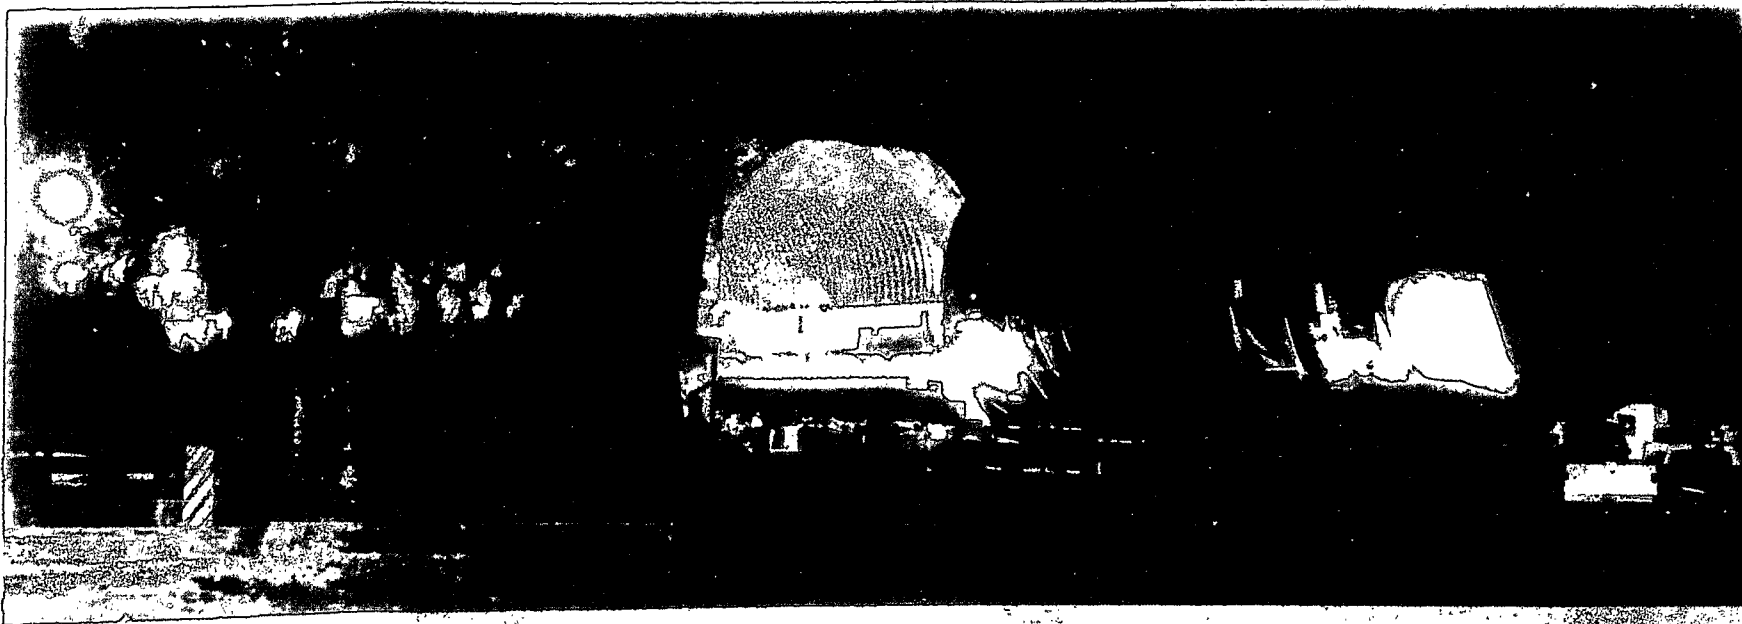

Robert F. Ladner, superintendent, questioned by Ray Baxter of Beat 1 on kitchen equipment for the Pearlington unit, said bids had been obtained and the building was being constructed to these specifications. This would permit instant installation when each piece arrived.

Ladner said the equipment was not yet on order but would be obtained as soon as funds were available. Baxter thereupon caught and obtained board approval for Wagner and Ladner to contract the supplier and have the equipment shipped. The two were also authorized to try and arrange a long term payment plan.

Final vows taken by Brother Ferry

Brother Alfred Ferry, son of Mrs. Charles Ferry of 613 S. Joseph St., Waveland and the late Mr. Ferry pronounced his vows of poverty, chastity and obedience for three years in ceremonies last Monday at Sacred Heart Seminary, Mobile, Ala.

A graduate of St. Stanislaus College and Sacred Heart Seminary, Mobile, Ala., he completed a year of novitiate at Belvedere, N.J. and pronounced his first vows in 1963.

Joined by his mother and immediate family for the ceremony, Brother Ferry will enjoy a short visit to his home before assuming his new teaching assignment at Vandalia Catholic High School, Hume, La. Brother of the Sacred Heart for the years of temporary profession before making final vows. They have crafted St. Stanislaus for over 100 years and also maintain St. Aloisius High School in Vicksburg.

was promptly approved. City Commission Council then will use this as a guide for its resolution on bars can be licensed within the municipality.

A report from ABC director Earl Evans, Jr., for guidelines on hours of operation for bars to be under study at City Hall. The City's city code contains as bars and wine shops allow between 1 and 7 a.m. Monday through Saturday and from 3 to 7 a.m. on Sundays and legal holidays. Mayor Scott said he was inclined to believe this might be revised as far as liquor by the drink is concerned. State law will permit package stores to operate from 10 a.m. to 10 p.m.

An inspector for the ABC division of the tax commission was in the county Wednesday checking on references furnished by local applicants for licenses.

Health codes. Any delay will force school to continue into next summer and require re-arranging all manner of activities, he said.

Sam L. Fove, Jr., board chairman, worried that the building must be inspected and occupied before it can be occupied.

Trusses occurred with McCreath's proposal to erect every cabinet to open Aug. 26. Their alternatives are to hold up opening all cabinets in the system a few days or operate at the same locations as last year and move at Christmas.

Francis E. Stanovich, Borden Dairy Sales manager, said his company bought 192,000 pounds of milk from their 10 county producers during May, 1966, and the figures have increased since then.

He noted that before trusses had entered their milk supply business this year but in so doing had eliminated the Borden company. He pointed out that Borden Dairy Production, owned by Guilview and Borden Dairy Supply company, had recently been bought by Borden Dairy Milk Co. according to the local North Central School.

Agents take Eva in hand, seize assets

Elmo James Smith, 30, general delivery, Kiln, was arrested Sunday by special investigators of the Alcohol and Tobacco Tax Division at Gulfport. They also destroyed a 110-gallon still named Eva.

The agents seized 23 55-gallon drum fermenters containing 1,150 gallons of sugar-mash, 27 gallons of distilled spirits in unstamped containers and a 1949 pickup truck. They said the still was located at Kiln.

Smith was released Monday upon posting \$500 bond after being charged with failing to register a still, failing to give bond, unlawfully producing mash fit for distillation, unlawfully producing distilled spirits and having distilled spirits in unstamped containers.

As with all women, Eva proved expensive.

ANOTHER RAID

Elmer Junior Lodner, 41, Rt. 1, Box 185-B, Pass Christian, was arrested and a still destroyed Tuesday by special investigators of the Alcohol and Tobacco Tax Division, Gulfport. Located about two miles southeast of Rocky Hill, agents said the still was located in a garage and water was being pumped out of the large pool of swamp water for use in making the moonshine.

Trusses had, thus, he claimed in effect awarded all their business to one dairy.

Trusses said they had been unaware of the change of ownership and would consult their attorney, Walker James Phillips, for a course of action.

was approved to provide for the electric bill and insurance at the new high school.

The renovation program at Valena C. Jones School remains trouble last week when only two bids were received and one was thrown out because the contractor did not have a Mississippi license. McCullough reported, "Terry Peasey, Inc., without the license, bid \$24,000. C. C. McDonald, Jr., Inc., offered \$31,500."

The State Education Finance Commission which allocated some \$32,000 for the work requires two acceptable bids and has a cost formula of \$8.25 per square foot while this run between \$16 to \$20.

There are indications the system can use part of the \$120,000 secured under Public Law 874 for these non-purpose classrooms, perhaps doing the entire job rather than just the classrooms at this time. McCullough was instructed to pursue this line.

Construction of two lighted tennis courts at an estimated cost of \$7,000 on the new Bay High grounds was proposed by the superintendent, Robert L. Hamilton, board president, declared the board should either provide courts or eliminate the tennis team. Fove advised that bond money could not be used for such a purpose since the courts were not in the original plan. He suggested short term notes. Hamilton agreed to confer with City Commission Council and Trustee Frank Wheat will check the architect on the specifications. He was doubtful a 4-inch surface thickness was required.

At Trustee Teddo Thomas' request, it was agreed to ask the American Legion to present the national colors at all home football games.

The letter cited Waveland's population increase, recreational resources, historical significance, tourist trade and the need to one majority vote by residents for legal liquor as reasons for classification.

Can said it was up to the municipality to get restrictions on hours of operation of such establishments. Under the new alcohol control law, the commission is empowered to restrict sale of booze by retail package stores from 10 a.m. to 10 p.m. Monday through Saturday but can exercise no restriction on bars.

Dominick Sander recommended a survey of persons concerned be undertaken and the results be forwarded. Mayor Lodner said he would do this on Thursday and notify Gex.

It was agreed to donate \$350 to the Waveland volunteer fire department for payment of a June-secured blanket insurance

McCullough announced he is having the septic tank fixed to rest rooms will be unable at Tiger Stadium concession stand. In the past they could only be used about 20 minutes. He was authorized to get specifications for bids to overhaul all windows at S.J. Ingram School.

SPEED READING
Comes to Bay St. Louis

Bob Pearson, Baton Rouge High School speed reader.

Bay St. Louis - Optimization, the most advanced method
known for teaching Speed Reading has come to Bay St.
Louis. Founded in San Antonio with representatives in
Texas, Louisiana, Mississippi, Georgia, Optimization is now
offering its unique, fully guaranteed reading course to the
residents of Bay St. Louis.

The Optimization method has been producing reading speeds
of several thousand words per minute for over ten years
and has drawn praise from educators and businessmen in
every state of the union and many foreign countries. During
recent years Optimization has developed to the point where
it offers a written guarantee of 1000 words per minute and
one book an hour with good comprehension to each of its
students.

"To the best of my knowledge, Optimization is the only method
in the world which offers such a guarantee," said Dr. Cecil
J. Mullins, developer of the technique.

The course is taught in twelve 2-hour sessions.
Optimization accepts all persons 13 years or older. It is not
unusual to have grandparents and grandchildren sitting
next to each other in the same class.

"One of the secrets of our success," Dr. Mullins said,
"is that we are firmly committed to the principle that
learning proceeds best, only when the students are en-
joying themselves. In our classes most of the students
have a ball from beginning to end - and along the way,
they become the best readers anywhere."

The accomplishments of some of Optimization's previous
students sound like something out of science fiction. One
13 year old lad reads books for his school assignments
in 6 to 10 minutes. His grades have jumped from barely
passing to A's and B's after taking the course.

Optimization extends its usual welcome to everyone - high
school and college students, their teachers and friends,
doctors, lawyers, businessmen, and other business and
professional people - to come experience a first lesson
free of obligation. For further information please call 467-
4252.

Attend a free first class at the Christ Episcopal Day School
at 7:00 P.M. beginning Monday, August 15 through Friday
August 19.

Remember there is no obligation. Why not call 467-4252
now for a reservation.

The development of Mississippi's Gulf Coast waterways will do much to strengthen the economy and expansion of the area.

This was the theme of ex-Governor Ross Barnett's talk on Saturday when he addressed a crowd of between three and 400 people at the North Hancock Lions Club's annual barbecue and public meeting.

His day at Lestown Community Center.

Others on the program included Cecil Buford, general manager, Gulf Coast Sealing Co., and Darrio Moore of Fico-yne who emceed the event.

Buford presented the All-American Basketball award to Wendell Ladner of Hancock North Central High School, son of Mr. and Mrs. Aaron Ladner.

ERANADE TO A DUSTY NOSE

A race to a race to a race
And a street to a street to a street,
So maybe this ain't news,
But what about my nose?

This charming little contraption was unanimously offered by one who we strongly suspect to be a cousin of E. E. Egan, better known as Eddie. . . and by this, our more distant relatives, likely cusses that they are, may gather we're still carrying with the street eaters. Drivers play little games which make them feel like they're in one of those fascinating car chases. . . until a dead end of mounds of earth, or a convenient excavation forms dead ahead, forcing the driver to bring the vehicle to a screeching halt. No problem, just back into the nearest driveway and start over again. Opel they've anticipated that course of action, no driveways. . . just muddy ditches. . . so back you go, and back and back. . . try the beach, maybe. . . Egan!

A mountain of mud surrounded by gigantic diggers also this plan in the mud. . . well, then there was Main Street, and don't forget Central. . . except for a real booby trap at Ballentine. All the time, no one is getting more and more desperate, the dust can visibility to about the distance to the head of the automobile, and by now you remember where in the back you wanted to go anyway? It's just too bad it isn't time for a Centennial. . . going back 100 years in progress would present absolutely no trouble at all.

Waveland fair

Despite such trivial discomforts, life goes on. St. Clare's fish fry and church fair provided diversion over the weekend. Big John Rutherford and Tommy Kidd joined the Waveland crew and a really delicious meal was served on Friday. Just a few spotted dashes around included Louise and Dave Marley, Gerri Blanchard, Eloise Hayes, Lloyd Bourgeois, John Auderer, Mrs. E.G. Francis, Ann and Henry Develle, and Phil and Jimmy Lagooce.

Anyone who missed this year's fair (and they have to be few and far between) wouldn't believe it if we stated that there were so many people trying to spend money, it was almost impossible to get near a booth. . . just a few spotted in the crowd, (and what a crowd!) included V. Bradford, Mamie and Max Glanelloni, Sam Blanchard, Ruth and Matt Ballatin, Libby Ferry, Emelda and Gerald Price, Julia and Clarence Dimech, Jane and Baby Benvenuti, in fact, let's face it, it would be easier to list those not present than those who showed up!

Echo staffers pretty much took off for the weekend. The house, Joan and Red Glass flew to Detroit, Mich. where he was elected Third Vice-President by the 1st Marine Division Assn. Joyce and Jack Jacob viewed major league baseball in the Astrodome in Houston, Tex. Mary Debenport ended her week's vacation at home, and Irvin Cuevas took advantage of his off-duty three days to visit in the Crescent City.

Zora and Harold Carver and son, Jerome, most patriotically, spent their entire vacation touring points of interest in their home state, and report one of the most enjoyable weeks ever.

Up to date report

We're really late with these notes which came in during our time off. . . Edna Klempner, as promised, brought us up to date on doings at their beach home. First Edna left husband, Albert, at home while she and cousin, Robert E. Lee of New Orleans, visited his sister, Marjorie, in Baton Rouge for the first time in seven years. His sister is the wife of Col. Hugh J. Turner, recently returned from Viet Nam and en route to Chapel Hill, N.C. where he will head the military department at the college. Upon Edna's return, she greeted Al's sister, I. Belle Bell Meyers, who spent two weeks with the Klempners, before going to San Francisco, Calif. to visit her air line stewardess daughter, Lynn. During her stay they went to New Orleans to pick up Edna's mother, Mrs. Iva T. Stanfill, who had been in Washington, D.C. at the home of her son, Major E. T. Stanfill. He's now stationed with the intelligence section of Strategic Air Command at the Pentagon after a tour in Viet Nam. Al's aunt and uncle, the Henry Klempners, also dropped in for a visit when on the way to Florida. Edna concluded with mention of This Property to Condominium and her "performances" there-in. . . She says the most photographed derriere in the Bay turned out to be the most photographed derriere on the cutting room floor!

Abandoned 'Property' props

Speaking of the movie, Ray Proctor reports spotting one of the railroad coaches used in filming, reporting most ignorantly in a southern covey yard, when he was painting through Madison. We will check on this on it's most probably Alvo's coach, and we consider to think of such a time for the much decorated carrier. Wonder just how much it would cost? And if arrangements could be made to bring it to the Bay? Some enterprising and could make it quite a tourist attraction.

There was again in the dirt who almost everyone, Mrs. Luce Rader says it's good to be back, because, she says, in her way of northern Michigan and parts of Canada, she was most impressed with a busy trip on Madison Island and the largest porch in the world. . . this on the Grand Hotel.

At long last we have the facts, figures, and most important, the name of James and Joe Kern's brand new daughter. . . she's to be christened L'Ann, but due to the fact she kept us in suspense from Monday a.m. until she finally arrived at 11:30 p.m. Wednesday, Aug. 3, to us she's "Polony". Other activities, weight classes, pounds, three ounces; black hair, and she's said to most resemble her maternal grandfather, "Mitch" Mitchell.

A sincere happy birthday wish to go to the way to Mrs. Ruth Winkelman who can't her 40th birthday cake today, Thursday, Aug. 11. Birth card, Keweenaw, (as of local Little Theater) and Rev. Fritz, Pastor of United Church of Christ in the Crescent City were on hand to help her celebrate.

Brewster Mollere and crew C.B. and Phillip have pleasure in giving colors to verify their extensive western vacation. . . so make sure to witness

Miss Johnston is to marry Mr. Thatcher

Mrs. Geneva Johnston of Apt. 22, Ballentine St., announces the engagement of her daughter, Donna Lynne, to Donald Michael Thatcher, son of Mr. and Mrs. D. Thatcher of Rt. 1, Miss Johnston is also the daughter of Thomas Johnston.

The bride-elect is a 1965 graduate of Bay High School, and will recently be employed by Michael D. Hays, attorney. Mr. Thatcher is working for J. Norman Hays, engineer.

Justice of the peace Robert Rhoads will perform the ceremony at 6 p.m. Friday.

Maria, was born Wednesday, Aug. 3, in Permat Memorial Hospital in Kankakee. The most beautiful baby ever, according to guests present, was born at 10:00 a.m. and weighed in at 7 pounds, two ounces.

Three week-old Arnold Sarpas, Jr., came to an appropriate milestone Saturday night at St. Clare's Church. The baby offspring of Edna and Arnold Sarpas has three day-old sisters who visit with their parents for the hour of quilting that young man.

MR. AND MRS. THOMAS EUGENE JOHNSON

(Photo by Ed Fayard, Jr.)

Rita Hoffmann becomes bride of Mr. Johnson

First Baptist Church was the setting Sunday afternoon for the marriage of Rita Hoffmann, daughter of Mr. and Mrs. John Hoffmann of 1000 N. 10th St., to Thomas Eugene Johnson, son of Mr. and Mrs. Roy Lee Johnson of 1000 N. 10th St. The ceremony was performed by the Rev. John T. Dearing, pastor of the church. The bride wore a white gown and carried a bouquet of white gladioli and roses. The groom wore a dark suit. The ceremony was held in the sanctuary of the church, which was filled with guests. The reception followed in the church's parlor. The bride and groom were surrounded by family and friends. The celebration was a joyous occasion for all involved.

Marriage Licenses

Applications of local interest during the last week by Circuit Clerk Lamar Gato are as follows:

Dorothy Michael Thacker, R. 1, and Daniel Lyman Johnson, R. 1, both of 1000 N. 10th St.; Cecil Ray Higgins and Gloria Dall Carver, both of Pearlman; Maurice Emilio Summerville, R. 1, and Leon Marie Hadd, R. 1, both of 1000 N. 10th St.; and Paul and Mrs. Lela Mae Cockrell Austin, both of 1000 N. 10th St.

Two accepted to Shrine auxiliary

Mrs. Alvin Hooze and Wayne Farnes of Biloxi were accepted into the Coast Shrine Auxiliary last Tuesday in Biloxi.

The former Nora and Corrine Ladner, both are the daughters of Mrs. Leon Ladner of Boyon LeCruz community.

Carol Ladner, Charles Neease plan wedding

The engagement of Miss Carol Ladner to Charles Neease is announced this week by her parents, Mr. and Mrs. Francis Ladner of R. 2, Gulfport. He is the son of Mrs. Flora Neease and the late Mr. Neease, of R. 2, Pass Christian.

Miss Ladner was graduated from Hattiesburg Central High School and Phillips Academy, and is now employed by General Electric at MFP. Mr. Neease attended Bay High School and works at Waco Diner here.

The couple will be wed at 2 p.m. Sept. 10 at St. Ann's Catholic Church in Lumberton, with a reception following at the parish community center.

8 et 40 salon elects slate

New officers of Salna 218 of the 8 et 40 were elected Friday night at the home of Mrs. Gilbert Gaynor, 340 Carroll Ave. They are: Charles, Mrs. Maurice Gove, first dam, Mrs. Helen Hiding second dam, Mrs. Gordon Romanoff, chaplain, Mrs. Elizabeth Strubbe, historian, Mrs. Helen Moore, secretary, Miss Sue Weonwick, carpenter at arms, Mrs. Elsie Philpot.

A post-chaplain pin was presented to Mrs. Maurice Gove, who, in turn expressed appreciation to all who assisted her. Officers were installed by Mrs. Lucy LeDube.

Door prizes were won by Mrs. Elsie Philpot and Romanoff. A social place was carved by Mrs. Maurice Gove, Gaynor, Russell Elliott, and Romanoff.

Polly peers

Another new arrival at with closure to spare is Polly and her mother, who is now in New Orleans last week.

Forewell gift

Garri Duhaz, who with her husband, Elsie, and children, will leave for St. Louis, around the end of the month, was stricken with the griped Higher Fellow members of Harry Carter Pledge brotherhood, soon presented to her last Wednesday. The girls, Janet, Tropical, Sandra, Suzanne, Penny Fayard and Ursula Foyard took her to the big city to see the Sound of Music, then to dinner, ending up with a ride through the French Quarter.

Lolly and Clifford Beckford and daughter, Tami, (who Elsie 'cover girl') had no vacation guano Mother, Lolly, wife, and young son, Scamp, of Duluth, Minn.

Happy birthday

Ed Morin, former Woveland resident now living in Meridian, gave a happy birthday wish. . . Aug. 27, to the time, but as badly as we failed the whole thing up (and we're deploring participation) last year, we'd best get it in correctly ahead of time, just to be on the safe side.

Cleo Bradley, Marcello's adored cousin, also gave a birthday wish. . . she's cut her 'coat' Saturday, Aug. 13.

Jeff Fusch, who came through numerous brain operations that would have proved fatal to a weaker man, returned Woveland visiting his many friends there on Sunday. For the benefit of those who didn't get to see him, we'll report that he looks great and is only permanent food was his memory of the year in which he underwent such torture.

Vocational with Elsie and Bob Whitson are his brother Elwood and carter with Halie of Knoxville, Tenn.

Just about seven years ago we were among those engaged in the frantic search for Jane Mallere's St. Gerard medal. . . (he's the Saint of Motherhood. . . but the hunt was fruitless. . . until last Wednesday when Marti (Mrs. John) Glover noted something shining between boards she was mopping at her Carroll Avenue home. . . sure enough it was Jane's medal. . . which we now have in our possession and are a bit reluctant to return. . . the baby, Jules, starts to school come September.

SIGHTS AND SOUNDS ALONG THE WAY - A very few vacationers and tourists, distinguishable by the inevitable cameras, dark glasses and wild head raiment, gazing in disbelief at 'what Betty did to our circus'; kids, and their retinue of dogs trailing the bicycle parade; a rather large mockingbird amusing itself by plucking a huge trying-to-sleep dog, and the sound of the bird's meowing call, an even further affront to the long sufferer canine.

Landon ranks 4th in two-state swim meet

David won fourth place in the 25-yard free and fifth in the 50-yard free in a two-state all-star meet at Columbus, Miss., last Saturday. He was the only member of the Boy swimming team to qualify for the meet although several were state rankers in the SAAU.

At Columbus Landon won the 25-yard free in 16.2 seconds and the 50 in 36.5.

This is David's second year of competitive swimming but he has been at home in the water since he was three and was a swimmer at that tender age. He works about six hours a day improving his style and speed and has everything it takes to become a big name in the competitive swimming world.

Mrs. Landon credits much of David's success to Mrs. P. E. Porter, Jr., and Mrs. Fred Wagner, team coaches, who took the lad in hand several years ago and taught him proper use of strokes. "I want to express my appreciation to Mrs. Porter and Mrs. Wagner who have given many, many hours during the last few years teaching and coaching David," she said.

David is one of three children, all good swimmers. His older brother, Tom, 13, entered competitive swimming this year and is also expected to go for next year after having gained experience. His sister, Anna Gene, although a good swimmer, has not yet entered into competition.

Builders demolish tourney competition

Although only fifth ranked in the Boy Men's Softball League, Travira Construction wrecked the Gulf Coast Invitational Tournament at Piquette last week and topped the winner's trophy, a three-foot job, Sunday.

Travira proved best of 30 teams in the week-long tourney, sponsored by the Piquette Jaycees, but were hardpressed in each of their three games. They won each by a one-run margin and needed extra innings to win the first two. Friday, Travira beat Shop Rite, 10-9, in eight innings. In the semi-final Saturday they beat the Pearl River Kato, 6-5, in nine innings and edged Whitefield Furniture, 2-1, in the final Sunday.

Named to the all-tournament team were Leroy (Fluke) Luke, shortstop, Noe Lerner, third base and Gabe Favre, pitcher. Manager Jimmie Ryan received the best manager trophy. Favre was winning pitcher in the final and semi-final.

Other members of the championship team are Walter Goggin, Wayman Carr, Doc and Darryl Rhodes, Curdo Mathews, Todd Thomas, Harvey Mitchell, Paul Edwards and Vincent Cavanaugh.

Monday night the Travira squad was scheduled to travel to Biloxi where they will compete in the qualifying tourney for the annual state championship.

COACH AND ALL-AMERICAN — Coach Roland Ledner of Hancock North Central High School, left, admires All-American certificate won and held by football star Wendell Ledner. Award was made by Cecil Buford, general manager of Royal Crown Cola, Gulf Bottling Co., last Saturday at Lions Club barbecue in Lumberton. Ledner is to enter University of Southern Mississippi this fall and plans to major in physical education.

Teen Times

Colorado—they planned former fellow classmate Tommy Humphreys and be chauffeured them to the state line in style.
We're very happy to report that Mary Ann Pahlman, a student at the University of Texas in Austin, missed being a possible victim of the sniper's massacre by mere chance. She had decided to leave the building to mail letters, then changed her mind. . . or would have been strolling on the campus at the time the tragedy took place. Her parents spent a number of anxious hours before finally contacting her by phone, for assurance of her safety, over eight hours after the story broke on television.
Laurie and Matt are a new romance. . . wonder what Martha thinks about this development?
TEEN AGE MYSTERIES — Who was the out-of-town guest known as "Day Tripper"?
Ex-governor . . .

(Cont. from Page 1-B.)
Barnett's overall theme was the development and future of the state. The indicated waterway development was the key that would unlock vast growth along the Gulf Coast.
"Many of Mississippi's resources are being developed but many still remain to be developed," he said.
Stating the people were the state's greatest asset, Barnett gave special emphasis to the importance of each young person obtaining a proper education from elementary school through college.
We must develop the maximum potential in each of our children to develop the maximum potential from our state, he said.
On the image held of Mississippi outside of the state Barnett claimed that area in which he had been previously greeted with hugs and backslaps he was now the recipient of cheers and applause.
"People are beginning to understand our problems and appreciate the way we are handling them," he said.
He encouraged the young people of Mississippi to remain within the state, and said there was no much chance for success within its borders as elsewhere.
